Supplied over 10 million barrels of ESPO crude

2022
Forged new partnerships & expanded projects

2024
Collaborated with refineries in Kazakhstan and Azerbaijan

2026
Enhanced sustainable management & green vision

Core Business Pillars

Crude Oil Trading

Leveraging strong networks with global oil-producing nations to secure high-quality crude at competitive terms, ensuring timely and stable delivery to designated refineries.

Petroleum Products

Optimizing the distribution of refined products—such as gasoline, diesel, and aviation fuel—by capitalizing on global supply-demand imbalances via the most efficient routes.

Logistics & Bunkering

Operating comprehensive offshore bunkering services and large-scale terminal storage to maximize supply chain flexibility and structurally hedge against price volatility.

GEMS HABIL

Major Strategic Partner

Established

Founded in 2010 – offices in Singapore, Malaysia & Sri Lanka

Market Position

Trades over 30 million tonnes of petroleum products annually

Supply Licence

Obtained licence to supply Sri Lanka Petroleum Corporation

Core Value

Customer-first – delivers the highest quality products at the most economic prices

Growing Together

GEMS HABIL is Changsung Korea's strategic partner; through rich experience and a global network, it guarantees stable supply and competitive pricing.
